# Minute with the Mayor

## Dear Citizens,

Sergeant Kent Iglesias & Mayor Mary M. Dennis

Spring is near, and along with it, we have been enjoying such beautiful Texas weather! Now is the time of year many of us like to do a little "Spring Cleaning." As you all know, this is also the time we have our bi-annual clean up week, city wide garage sales and bulk pick up. Along with this event, the city is also hosting their third Live Oak Fix Up Day, which will be held on Saturday, April 18th from 7:30 till Noon. More details can be found inside the magazine, along with a volunteer sign-up sheet. Each year this program has expanded and we have been able to help out many of our residents who really need assistance with cleaning, fixing and maintaining their property. I would like to thank those of

you who have volunteered in the past and also the ones who will be volunteering this year to make this program even bigger and better than ever before! It's programs like these that make Live Oak such a fantastic community we all can call home.

Along with this lovely weather, I hope everyone will take time to enjoy our beautiful parks, playgrounds and walking trails. A big heartfelt thanks goes out to our Parks and Recreation crew! They work so very hard in maintaining the grounds so we all are able to enjoy such beautiful surroundings. Be sure to bring your little ones by for the City's traditional Easter Egg Hunt on March 29th. Once the egg hunt starts, its

over within minutes!

Elections are coming up. All the information you need regarding times, voting locations, etc. is in this edition. Please exercise your right to vote and make your voice heard.

Along with all of our wonderful and superior staff at the City, I would also like to thank all of you for entrusting me to serve as your mayor. I love this City with all my heart and hope to continue to serve you all in the years to come. I am always available for comments or concerns. I can be reached at 210-792-7168 or by email at: yourmayormary@yahoo.com. Remember, the best is yet to come!

*Mayor Mary M. Dennis  
& Council*

# Help Prevent Flooding

*Jordan Matney, Assistant City Manager*

The old saying "April showers..." reminds us to do all we can to help prevent flooding. During flood events, the City has a drainage system that is designed to move water away from private structures and help prevent flooding. Here are some tips to help the City maintain our drainage system and prevent damage to personal property.

Do not dump or throw any items into the City's drainage system. Leaves, branches, grass clippings and other debris can gather and plug the channels. Once plugged, the channel cannot carry water in the manner it was intended when it rains.

As a reminder, dumping in the ditches is a violation of City Ordinance and any garbage in the system can contribute to problems.

If your property is near a drainage ditch or stream, please help do your part of keep the area free of brush and debris. Should you see major blockages, such as downed trees, please report the issue to the City by calling 210-653-9140, ext. 234.

If you see any additional dumping or debris in the ditches or streams, please contact the Public Works Department at 210-653-9140, ext. 234.

## Donated 1939 Diamond Service Ladder Truck

On February 4, 2015, the Live Oak Fire Department was pleased to donate their 1939 Diamond T Service Ladder Truck to The San Antonio Fire Museum Society for further restoration and display. The truck was originally donated in 1983 by the late, Vernon "Doc" McKaskle, owner of Discount Autos in Schertz, Texas. The Ladder Truck was last in service in the City of San Antonio as an operational piece of Fire Apparatus. The last known San Antonio Fire Station that housed the truck was Fire Station #10 which is on Zarzamora Street in San Antonio. There are actually some San Antonio Fire Department Museum Society Board Members who rode on this apparatus in the early days of their careers! The San Antonio Fire Museum is located at 801 E. Houston St, in a building that was known as San Antonio's Central Fire Station and was the home of fire apparatus and command staff for over seven decades. The Fire Museum has artifacts that date back to the 1800's and serves as an archive for fire related documents and photographs. Our truck is a welcome exhibit to the museum and will have an acknowledgment of The Live Oak Fire Department in the listed history.

## Smoke Detector Check Fire Safety Survey

Smoke Detector Check and Complimentary Safety Survey: The Fire Department is available to assist, upon request, our residents with a 'Smoke Detector Check' and will replace your smoke detector batteries or install new smoke detectors. We are also promoting a complimentary 'Fire Safety Survey' in connection with our Smoke Detector Check. Our Community is important to us and this allows us to properly inform you about Fire Safety in your home. Please call The Live Oak Fire Department for your appointment at 210-653-9140 ext. 386 or e-mail us at [gwilkinson@liveoaktx.net](mailto:gwilkinson@liveoaktx.net)

# Live Oak Fix Up Day is Back!

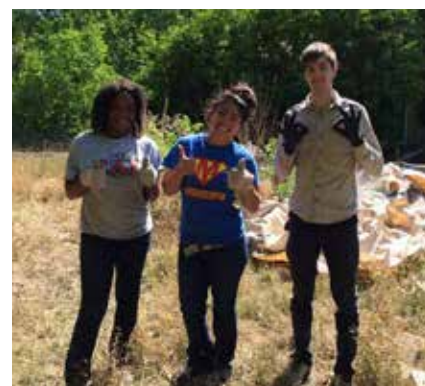

## Zone 3 Clean Up Volunteers Needed!

We are very excited to announce our third Live Oak Fix Up Day, which will be held on Saturday, April 18th from 7:30am - Noon! Last year was a huge success and thanks to so many wonderful volunteers, we were able to help out several Live Oak residents with cleaning up their property, lawn care, painting, and several volunteers even picked up trash alongside some of our roadways. Unfortunately, some of our residents aren't able to keep up with home improvements due to medical or financial concerns. That's where you come in! Please volunteer to help clean up your community and help those neighbors who are in need.

Clean up efforts will include physical activities such as painting, lifting, moving and cleaning. Please bring gloves and any supplies you may have that you wish to use. Donations of paint brushes and rollers, scrapers and paint are currently being accepted as well as gift cards to Home Depot and Lowes to help with these efforts. We also have a small number of volunteer spaces available to assist with registration and check-in. All volunteers must sign the Volunteer/Community Service Release on the next page.

We hope to continue this fantastic program twice a year and help as many folks as we can. Let's make this Fix Up Day even bigger and better than ever before. It's volunteers like you that make Live Oak such a magnificent community to call "Home!"

For more information or to volunteer, please contact Jordan Matney at 210-653-9140, ext. 286 or via email at [jmatney@liveoaktx.net](mailto:jmatney@liveoaktx.net). Community Service/Service Learning hours available for those eligible. Please meet no later than 7:30 AM at City Hall, 8001 Shin Oak Dr., Live Oak, TX.

## From the Office of Developmental Services

By Ken Steiner, Building Official

Development Services would like to remind the citizens of Live Oak that before considering any construction or a specific project on your property, you must check with the Building Department to determine if a permit is required. Also, if you live in a Homeowners Association neighborhood, you must submit for HOA approval before submitting to the city. Projects such as installing a water heater, air-conditioning units to adding a home addition will require a permit. A permit authorizes you or a contractor to do a specific project on your property. It allows you to complete the addition, remodel, change, or repair whatever you have specified on your application with inspections by the Building Official. It also ensures the work you do, as well as the work completed by contractors, will be safe, in compliance with the Code and aesthetically pleasing.

Under the International Residential Code, Section R105.1, permits are required when, any owner or owner's authorized agent who intends to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be performed, shall first make application to the building official and obtain the required permit.

Contractors shall contact the Building Department to register or update required licensing and liability insurance information before submitting for a permit. With the necessary paperwork, the permit process should take thirty (30) minutes or less. If you should have additional questions about the permit process or any other building information, please contact our office at 653-9140, extensions 244, 386 or 250.

Listed below are the current 2015 Codes adopted by City Council on January 27, 2015, under Ordinance #1509.

It is time for the bi-annual Fix-Up, Clean-Up, and Pick-Up Week! The week of April 19th is Clean-Up week with the City Wide Garage Sales on Friday, Saturday and Sunday, April 24 – 26, 2015.

You must have all your unwanted “treasures” near the curb no later than Sunday evening, April 26th for curbside Bulk Pick-Up week. Waste Management will only go down each street one time. Remember not to cover the sidewalk or your water meter with your items. Brush pick up is not included with Live Oak's semiannual Bulk Pick-Up week.

## Free Garage Sale Listing

Don't forget to register your garage sale for our public listing by emailing Laureen Satabe at lsatabe@liveoaktx.net or calling 210-653-9140, ext. 200. Please provide your address, the date of the sale, time of the sale and a brief description of the items available. The deadline for submitting garage sales is Wednesday, April 15th at 5:00 PM. The listing is free and will be published on our website, Facebook and available for pickup at City Hall and Public Works.

## Brush Pick Up

Waste Management provides brush pickup for the residents of Live Oak once per month. The City is divided into two zones, Gold and Green:

**GOLD ZONE** - Collection of the Gold Zone begins the **first Thursday** of every month. Area begins at Judson Road and IH 35 and includes Retama Hollow, Brentwood Oaks, Bridlewood and Lookout Road. Also includes original Live Oak North of Leafy Hollow.

**GREEN ZONE** - Collection of the Green Zone begins the **third Thursday** of every month. Area includes all of Woodcrest and original Live Oak South of Leafy Hollow.

Waste Management will pass through each street only once, all brush must be placed curbside prior to the first day of scheduled pickup. The tree and shrub trimmings must be less than or equal to 12 inches (12") in diameter and the pile may not exceed 12 feet (12') in length, 5 feet (5') in height and 5 feet (5') in width.

As a reminder, Waste Management is not responsible for the collections of work completed by contractors. Tree removal and extensive tree trimming is the responsibility of the homeowner. For additional questions, please call Waste Management Customer Service at 800-800-5804.

## Pollution Prevention

As the days are getting warmer and inviting us outside to clean and beautify our lawns, remember not to over-fertilize your yard, follow the manufacturers' directions for the size of your lawn. When you over-fertilize those chemicals run out of your yard and into the street. The streets are built to carry water down to the drainage channel, which leads the tainted water to the lake at the park. The chemicals are toxic to the wildlife that uses the lake to drink from. Please, be responsible with chemicals!

## Free Toilet Program

Apply for your free toilet today.

Are you a single family residential customer living in the City of Live Oak (not apartments or business)? Are you on the Live Oak Water System (not SAWS, San Antonio Water System)? Was your home built prior to 1992?

If the answer is YES to the above questions and you are not replacing an existing water saver toilet (1.6 gallon or lower), you are a candidate for a free water saver toilet. Please call Cathi Piotrowski at Public Works 210-653-9140, ext. 234 if you are interested.

## Water Conservation

Thank you for watering responsibly and making an important contribution to the water conservation effort! For the latest rules and current watering stage, please go to [www.liveoaktx.net](http://www.liveoaktx.net).

## Household Hazardous Waste Disposal

Do you have old paint, pesticides, herbicides, batteries or fluorescent light bulbs; electronic waste such as computers, monitors and laptops, that need to be disposed of? Live Oak residents please call 1-800-HHW-PKUP (1-800-449-7587).
