## Volunteering - The Happiness Effect!

Dear Residents,

Living in a small city has many benefits and I constantly hear from residents how much they enjoy living in Live Oak. Many of you know one another and residents that are new to Live Oak are quickly getting integrated. Getting involved with your city by volunteering or attending the city events that staff works hard to provide is a great way to get out and socialize. We have so many civic, youth organizations and senior groups that will keep you busy and active in the community. We are always looking for volunteers for many of our Boards, Commissions and special events, so if you would like to get more involved with decisions made in City government or a special event, join us August 24th from 5p-6p in the Council Chamber to learn more on how you can help. Volunteering also strengthens your ties to the community and exposes you to people with common interests, neighborhood resources, and fun and fulfilling activities. Your impact on the community matters to us.

I would like to invite you and your families to our upcoming events. Some you may want to join us for recreation and some you may want to lend a hand. Either way, we look forward to seeing you September 10th for "Live Oak Fix Up Day, Zone 6." This would be a great opportunity to join volunteers from our local businesses and the community in helping your neighbors in need of a little assistance and ultimately putting a smile on their faces. Also, the 2016 "Shin Dig on Shin Oak" will be held on September 24, 2016 with fun activities for all ages. We will end the evening with a concert featuring the Spazmatics from 8pm to 10pm.

Lastly, October 4th will be the 33rd Annual National Night Out which is our community crime and safety event where neighbors traditionally have the "lights on" and "front porch" block parties. Our law enforcement officers, staff, and Council will be visiting the neighborhoods for a unique community oriented celebration aimed at crime and drug awareness and prevention in our great city. As your Mayor, I am always available for your comments or questions at 210-792-7168. I hope you had a wonderful summer and remember the best is yet to come!

When Pearl came to our facility back in May 2016, she was extremely emaciated. She was brought in by a resident who found her digging through the trash. We estimated Pearl's age to be approximately 7 years old. Through much TLC and lots of yummy canned food we were able to get Pearl back into tip top shape. When we felt she was ready, we placed her up for adoption. Unfortunately, older dogs are not highly sought after. Pearl had a few inquiries but nothing serious. We realized what she needed was exposure to the public. Pearl was taken to PetSmart in May for an adoption event where she received lots of public exposure. Unfortunately, Pearl did not meet her adoptive family that day. Not ones to lose faith, we planned to take Pearl to the next scheduled adoption event which was held in July at PetSmart. This would be Pearl's time to shine and boy did she shine! We received numerous inquiries by families seriously looking for a pet. We were able to speak to one potential adopter and realized that she and Pearl fit together perfectly. Pearl is now relaxing and enjoying her golden years with her new Fur-ever family!!

AN Oldie  
BUT  
A Goodie!

Sammy was rescued by Animal Control in January 2015 as he roamed Lookout Road. Frightened and full of uncertainty, Sammy was placed in a kennel for protection. Over time, with the gentleness of Animal Control staff, Sammy's demeanor became more relaxed and playful. He made his debut at the Live Oak Easter Egg Hunt and posed for a picture with Derrick. It was finally time to prepare Sammy for adoption. He was placed with a rescue but it wasn't a good fit so he was returned to us. A few weeks later Sammy was able to go into a home foster but was later returned when it was discovered he was not a fan of thunderstorms. Sammy didn't mind coming back to Animal Control again because he knew he was probably missed. After being at the Animal Control facility for 16 months, Sammy made his appearance at an adoption event where he locked eyes with his adopter. As of May 2016, Sammy lives a happy life with his owner in Dallas.

# CODE ENFORCEMENT

## DEVELOPMENT SERVICES & CODE COMPLIANCE

### MEET YOUR CODE GUYS!

John Dalton started with the City in February 2005 as a Tele-Communications officer. In 2009, John was approached with a job opportunity as Code Enforcement by the Building Official. After an interview process, he was hired and soon transferred over to Development Services becoming the only "Code Guy" for the entire city. During his first year in Development Services, he kept busy with the daily routine patrols of the city while also earning his State Certification in Code Enforcement. Every year, John has accrued at least 13 hours of continued education to stay abreast of any new laws or changes to the laws. John is married and lives in Schertz where he and his wife raised two boys.

Many of you have already met Toby Hamilton, the latest addition to our Code Enforcement team. Toby came to us from City's Parks Department working full time while earning a Bachelor's Degree in Environmental Sciences. In 2015, Council approved a second Code Enforcement position and after graduating, he applied for the newly created position. He is currently working on a Master's degree in Environmental Sustainability and Compliance. Toby is married and lives in Live Oak where he and his wife are raising four children. Both John and Toby agree that the job doesn't make them the most "popular" employees but both agree every day offers a unique and exciting day!

PERMITTING MADE EASY

If you are thinking about starting a project around your home that may require a permit, you will most likely visit the city's website for more information before getting started. You'll find loads of helpful information online about permit fees and the city requirements and procedures to minimize any frustration. Development Services has fine-tuned the process of pulling permits by making it easier and more efficient for anyone to follow. Contractors and residents now have the ability to apply for permits from the comfort of an office or home computer. If you are a homeowner with a homestead exemption, you are now eligible to pull permits. The process is simple and we will accept all major credit cards for payments over the phone with the exception of American Express. An inspection may also be requested from the same account on-line. You are now able to view a visual tutorial on how to access our new permitting process from our city web-site at [www.liveoaktx.net](http://www.liveoaktx.net). Gayle Wilkinson will be happy to assist you with the process or any questions you may have by calling **653-9140, extension 244**.

# 33rd Annual National Night Out Tuesday, October 4th

This year's 33rd Annual National Night Out will be held on Tuesday, October 4, 2016. National Night Out is a nationwide campaign to encourage people to come outside and meet your neighbors. National Night Out gives neighbors a chance to talk about what is going on in their neighborhood, meet and discuss concerns with police and encourages a strong partnership between citizens and police.

Gatherings are usually done as block parties with front yard cookouts, potlucks or just some snacks and visits by police officers. Your Live Oak Police Department will be out between 6:00 PM and 9:00 PM on Tuesday October 4th.

If you are organizing a block party, please contact the police department to let us know where your party will be. If you need some ideas for your party you may contact us as well for that. Please call 945-1700 to register your block party. We would love to stop by and visit with you. So remember to gather your neighbors, turn on your porch lights and spend the evening outside. Together we can say good bye to crime. We at the Live Oak Police Department and Fire Department look forward to seeing you.

**Lieutenant Matt Malone**

In partnership with the community, the mission of the Live Oak Police Department is to prevent crime, preserve the peace and enforce the laws with exemplary service. Our vision of the Live Oak Police Department is to set the highest professional standard and model of policing in the State of Texas.

## FIX-UP, PICK UP, & CLEAN UP WEEK!

The week of September 11th is Clean-Up week with Citywide Garage Sales taking place at Live Oak residences throughout the City on Friday, September 16th, Saturday, September 17th, and Sunday, September 18th.

Finally, have all your large unwanted "treasures" near the curb by Sunday evening, September 18th for Bulk Pick Up. Waste Management will only pass by once. Please remember not to cover the sidewalk or water meter with your items.

**CLEAN UP WEEK: September 11th**

**CITYWIDE GARAGE SALES: September 16th, 17th, 18th**

**BULK PICK UP BEGINS: September 19th, 6am**

## STORMWATER POLLUTION SOLUTIONS THANK YOU FOR DOING YOUR PART!

**What is Stormwater Runoff?** Stormwater runoff occurs when precipitation from rain flows over the ground. Impervious surfaces like driveways, sidewalks, and streets prevent stormwater runoff from naturally soaking into the ground.

**Why is Stormwater Runoff a Problem?** Stormwater can pick up debris, chemicals, dirt, and other pollutants

and flow into a storm sewer system or directly to a lake, stream or river. Anything that enters a storm sewer system is discharged untreated into the waterbodies we use for swimming, fishing and providing drinking water.

### What Can I Do To Help?

Don't overwater your lawn. Consider using a soaker hose instead of a sprinkler. Compost or mulch yard waste. Don't leave it in the street or sweep it into storm drains or streams. Cover piles of dirt or mulch being used in landscaping projects. Recycle or properly dispose of household products that contain chemicals, such as insecticides, pesticides, paint, solvents, and used motor oil and other auto fluids. Don't pour them onto the ground or into storm drains. Instead Live Oak Residents can call **1-800-449-7587** for household hazardous waste disposal (including batteries, fluorescent light bulbs and electronic waste).

## DON'T LET OAK WILT KILL LIVE OAK'S TREES

**PAINT** all wounds to the trunk, limbs and root system of oak trees that expose sapwood within thirty minutes of the wound with asphaltic or exterior oil or latex based paint.

## \$\$\$ SAVE \$\$\$

**Conserve Water. Every Drop Counts.**

Repair leaking faucets, nozzles, pipes, and toilets. Only water your lawn and garden in the evening or early morning. Use mulch around plants and shrubs to help retain moisture. Sweep clippings and leaves instead of using the hose.

## FREE WATER SAVER TOILETS

Are you on the Live Oak Water System, not SAWS (San Antonio Water System)? If the answer is YES, please call Cathi Piotrowski at Public Works **210-653-9140, ext. 234** to see if you are eligible for a free toilet.

# Annual EDC Business Luncheon a Huge Success!

**STAY CONNECTED** with us on social media to be the first to know when registration is open for our next luncheon scheduled for the summer of 2017.

**Economic & Community Development  
Donna Lowder, Executive Assistant**

More than 110 guests joined us on Wednesday, July 20th at the Hilton Garden Inn and Live Oak Conference Center for the annual Business Appreciation Luncheon sponsored by Live Oak's Economic Development Corporation. The luncheon offered a unique opportunity for Live Oak Businesses, City Administration and staff to engage and network as a business community. This year's featured guest speaker, Ryan Salts, Director of Break Fast & Lunch with Café Commerce, presented an inspiring presentation providing guests with tools on how to grow their businesses and how EDC initiative programs offer community enhancements and business growth.

One of our favorite things about this year's event was that we were able to meet business owners who were not familiar with what the City has to offer to our business community. We were glad to meet and connect with all the attendees offering us a great networking opportunity. The afternoon would not have been possible without the support of our businesses, City Council, Economic Development Corporation Board members and the staff of the Hilton Garden Inn. We would also like to give thanks to our special guests, Midge Dockery, EDC from the City of Marble Falls and Lisa Jubela and Amie Reynolds from Tri-County Chamber of Commerce and Liane Garrett and Stacey Galbraith from Madwomen Marketing for their participation in this year's successful event.

## Lite Up Literacy Night

The Rotary eClub of San Antonio partnered with Live Oak's very own Ed Franz Elementary to tackle illiteracy amongst third graders. Studies indicate that there's a gap between third and fourth grade reading strengths. Armed with this data, the Rotary eClub teamed up with Principal, Beverly Broom to bridge this gap with a project called "Lite Up Literacy Night." Each quarter the Rotary eClub promoted literacy with students by hosting an after school reading program on Thursdays at 6:00 p.m. The students had a chance to read to the group while also engaging with the parents. Books were provided for the children to take home and a pizza dinner was provided by the Club for the students and their families to enjoy. The Club members also participated in reading to the students during school hours between 1-2 p.m. and taking part in their science projects. A fruit tree was planted at the school and each child was sent home with an herb plant to grow. The Rotary eClub and their sponsors were able to provide the children with books from the third and fourth grade curriculums to read during their summer break. A special thanks goes out to SA Reads, HEB(Buddy), Little Caesar's Pizza, The Inspirational Center, The Public Library (Skylar the Dog), Ms. Broom and the Ed Franz Elementary School staff for their participation in the "Lite Up Literacy Night" program. We salute you for your involvement!

## FIRE PREVENTION WEEK... THINK SAFE

**Join us Saturday,  
October 15th for the  
Annual Fire Prevention  
parade! If you are  
interested in  
participating in the  
parade, contact Asst. Fire  
Chief, Gerry Galindo at  
653-9140, ext. 243.**

In celebration of **Fire Prevention Week, October 9-15**, the Live Oak Fire Department would like to pass on basic fire prevention tips to assist you during the colder months ahead. Each year, fires that are caused by improper disposal of hot coals or ashes from fireplaces, wood stoves, pellet stoves, grills or mobile fireplaces designed for use on decks or patios become a safety concern.

### **TO PROPERLY DISPOSE OF ASHES OR COALS WE RECOMMEND THE FOLLOWING:**

- If possible, allow ashes and coals to cool in the area where you had the fire for several days. These devices are designed to contain their heat safely.
- When it is time to dispose of the ashes, transfer them to a metal container and wet them down.
- Keep the metal container outside your home and away from any combustibles until the refuse is hauled away.
- DO NOT place any other combustibles in the metal container.
- DO NOT use a combustible container.

### **MORE FIREPLACE SAFETY TIPS**

- Have your chimney inspected annually and cleaned as necessary by a professional chimney sweep to ensure it is clear of obstructions and creosote.
- Repair any cracks in your chimney and fireplace.
- Use fireplace screens to keep sparks and fire debris inside the fireplace.
- Do not use an accelerant to start a fire.
- Ensure the fire is completely out before going to bed or leaving the house.
- Make sure the area around the fireplace is clear of all combustibles (Three feet away is a good rule).
- Keep all children and pets a safe distance from fireplaces.
- Install both smoke and carbon monoxide alarms.
- Keep a fire extinguisher on hand.
- Observe all safety precautions when using outdoor fireplaces, they can be just as dangerous as indoor units.

**The fact** is that coals and ashes from fires can remain hot enough to start a fire for many days after you think the fire is out. The exact amount of time for complete extinguishment and cooling depends on many factors such as how hot the fire was, what was burning, how much unburned fuel remains, etc. **To be safe**, simply treat all ashes and coals as hot, even when you think they've had time enough to cool.

## Meet Our LOCAP Stars

Thurman Hood was born in San Antonio, and has an identical twin brother who lives in Von Ormy. Since joining LOCAP in June of 2013, Thurman has logged in over 340 volunteer hours. He likes riding out and patrolling with the officers around our community, and enjoys serving during Court.

Thurman is also involved with the Boy Scouts. He recently received an award for '50 years of volunteer service' to the Scouts, but his twin says he has volunteered closer to 54 years. Of special note, Thurman, his dad, his twin brother, both sons, and 4 cousins are all Eagle Scouts. He looks forward to the day when his grandson joins this elite group, making him the first 4th generation from the same council to attain this honor. Thurman and his wife, Norma will celebrate their 50th Anniversary in August. Thurman is an active member of this community and is known as a "people person." LOCAP is honored to call Thurman a member!

Even though Mark Cymbalist was born in Philadelphia, he calls Texas "home." He retired from the Air Force and moved to Live Oak in 1986. He subsequently worked for a private doctor and then as a Medical Assistant at Texas Med-Clinic for 15 years.

So when asked why he got involved with LOCAP, Mark quickly responds that he wanted to volunteer his time someplace not in the medical field! Volunteering and giving back is something that was instilled in Mark by his parents at an early age. He joined LOCAP in 2010, when LOCAP was just being formed. Mark feels that LOCAP is beneficial to the community and that we have a positive presence in the community. He is also an active member of the local Optimist Club, which works to "bring out the best in kids."

Mark and Judy, his wife of 43 years, enjoy travelling, weekly bridge games and one day he hopes to take up his hobby of building model trains . . .when he finds the time.
